Webinar: Colorectal Cancer Awareness

Thursday, March 7

According to the Centers for Disease Control and Prevention, one in three adults has not been screened for colorectal cancer as recommended. Fight Colorectal Cancer, a non-profit advocacy organization, will host the "80 percent in Every Community" Livestream event. The purpose of this event is to celebrate national achievements and contributions to addresses colorectal cancer. Presentations will also emphasize areas of opportunity to expand and improve colorectal cancer

screenings. This event will serve as a platform to launch Fight Colorectal Cancer's upcoming campaign to reach an 80 percent colorectal cancer screening rate nationwide.

Webinar: Partnering with the Disability Rights Community

Wednesday, March 13

America Walks will host a webinar titled, "*Stronger Together: Partnering with the Disability Rights Community*." This webinar will explore potential partnerships between walkability advocates and the disability rights movement. Attendees will learn how communities use tools and resources to become more

inclusive and accessible.

Webinar: Mapping Lead Service Lines - Charting a Path to Engage a Community

Wednesday, March 13

Lead exposure can affect nearly every system in the body. Lead can enter drinking water when pipes and plumbing fixtures that contain lead corrode, especially where the water has high acidity or low mineral content. The Lead Service Line Replacement Collaborative (LSLRC) is an organization working to accelerate

voluntary lead service line replacement in communities across the U.S. The LSLRC will soon host a webinar to explore how communities can map lead service lines, and discuss challenges to developing these maps.

Webinar: Health in All Policies Webinar

Wednesday, March 13

The National Association of City and County Health Officials (NACCHO) will host a Health in All Policies (HiAP) webinar series. The goal of this webinar series is to provide an open, informal space for dialogue and peer-to-peer sharing about challenges and best practices. Participants will hear from communities with HiAP policies, resolutions, and ordinances to

better understand how they are implementing their HiAP initiatives.

Event: Cultural Competency Training of Trainers

Monday, March 18 - Friday, March 22

The U.S. Department of Health and Human Services Office of Minority Health will host a 40-hour Cultural Competency Training of Trainers. This training aims to build internal training capacity, meet mandates for culturally and linguistically appropriate services, and provide best practices on equity and

inclusion. Participants will gain the tools and skills needed to conduct cultural competency trainings and practice equity and inclusion.

Webinar: Performing a Community Health Assessment

Thursday, Feb. 28

The Mid-Atlantic Regional Public Health Training Center has a library of informative and engaging content in the Public Health On Demand training section. In this section, there is a self-guided six-step video series on performing a community health assessment. This on-demand webinar is designed to educate participants on conducting a community health assessment.
